KNOWLEDGE AND WATER RESSOURCE MANAGEMENT 17

- BDCARTHAGE, a spatial reference system for water in France 23
Etienne MARCHAND, OIEau
- SIGMA, geographic basin management 23
Nathalie SIEFERT, Rhin-Meuse Water Agency
- ADES, databank for access to groundwater data 28
Laurence CHERY, BRGM
- A cartographic approach to water catchment protection zones 33
Guy TATEZ, Picardie water Agency
- Advantages of a GIS for modelling 33
François LAMY, Seine Normandie Water Agency
- The OKA River Basin Information System OKARBIS 37
A pilot integration of GIS and water-related data for water management in Russia
Denis CARRA, BCEOM
- Water resource management in Montevideo 40
Agnès CABAL, SOGREAH
- An environmental management programme for creation 43
of the marine park of the Bahía Islands
Luc DUCOURNAU, Jacques GRELOT, Isabelle VALADE - SAFEGE

HAZARDS MANAGEMENT 45

- Types of information and tools for geographic information systems and flood management 51
Jean Michel ROQUES, SCOT SA
- GIS and hydrological hazards 51
Advances and limits in the use of GIS for studying catchment basins
and determining flood hazard
Fabrice RODRIGUEZ, LCPC, and Jean Claude Deutsch, CERREVE
- Calypseau, mapping, modelling and hazard analysis 54
Eric GILBERT, BCEOM

- Val de Saône observatory 56
Agnès CABAL, SOGREAH
- Atlas of flood-risk areas for flood prevention: the Plan Loire Grandeur Nature 59
Alain GAUTHERON, Regional Department for the Environment
- Accidental pollution risk assessment 62
Protection of drinking water resources in Lot et Garonne
Marguerite ZAFFIRO, Générale d'Infographie
- Spot, satellites dedicated to the environment 64
Laurent FRESH - Spot Image

NETWORK MANAGEMENT 65

- Drinking water in Algiers 72
Ange CHAZE – BRL Ingénierie
- GIS for operation support of water distribution services 71
Examples of mapping and updating water network plans for knowledge
and daily management
Jean Lucien SELIGMAN, SEURECA
- Digital environmental information and management system 78
Integration of underground networks, the case of drainage
Jean-Luc COMBRISSON, General Manager of SIARCE
- Atlas of hydro-agricultural schemes in the Département of Dagana in the Senegal Delta 78
JACQUES PARNOT, BDPA
- Information systems and irrigation areas 82
The examples of Mali and Nigeria
Michel PASSOUANT, CIRAD
- Drinking and drainage water management: the case of Eaux de Marseille 84
Frédéric ROUAS, Eaux de Marseille
- The network management system of Lyonnaise des Eaux France 87
Philippe POUYET, APIC.
- GIS institutions 96
